VICTORIA POLICE

# Theft of number plates

**The theft of number plates from vehicles within our community is increasing. Victoria Police and Neighbourhood Watch are aiming to deter thieves from stealing your number plates.**

Stolen number plates are used by criminals in the theft of petrol and other crimes. In some areas vehicles displaying false or stolen plates commit over 50% of petrol thefts.

Your number plates are currently attached with standard screws. To deter thieves from stealing your plates you have been provided with four security screws.

**The best way to reduce the chance of the theft of your motor vehicle's number plates is to:**

**Replace the standard screws with one-way security screws**

Stolen or missing number plate/s should be immediately reported to your nearest Police Station
