

# Make this house safer by drawing:

1. A front door with a lock
2. Blinds or curtains on the windows
3. A light over the entry
4. A front fence
5. A house number
6. Some small plants in the front garden
7. A car in the garage.
8. A dog in the yard.

Now colour and decorate the home so it looks cared for. Can you think of any other ways to make the house safer?
